Word count: Abstract 199 words; Introduction through Discussion 3,842 words.

Keywords: entheogens; psychedelics; ceremonial use; Puerto Rico; harm reduction; survey research

Author contributions (CRediT)

Roles follow the CRediT taxonomy (credit.niso.org).

Jean C. Vélez Rodríguez: Conceptualization; Methodology (supporting); Software; Formal analysis (lead); Data curation; Visualization; Writing — original draft; Writing — review & editing; Project administration.

Julián M. Hernández Torres: Conceptualization; Methodology (lead); Validation; Formal analysis (supporting); Writing — review & editing; Project administration.

Angélica N. Grajales Roldán: Methodology (supporting); Investigation; Writing — review & editing.

Juliana Millán-Torres: Conceptualization; Methodology (supporting); Validation (supporting); Writing — review & editing.

Paulina D. Rullán Farinacci: Conceptualization; Methodology (supporting); Validation (supporting); Writing — review & editing.

Adriana I. Rodríguez Massa: Methodology (supporting); Investigation; Writing — review & editing.

Carolina Riollano: Conceptualization; Methodology (supporting); Validation (supporting); Writing — review & editing.

Yamil O. Ortiz Ortiz: Supervision; Writing — review & editing.

All authors reviewed and approved the final manuscript.

Funding

This research received no specific grant from any funding agency in the public, commercial, or not-for-profit sectors.

Competing interests

Several authors are affiliated with organizations that conduct, advocate for, or provide services related to psychedelic and entheogen research and practice. Affiliation with the Puerto Rico Institute for Psychedelic Science, Medicine & Awareness, the Pravan Foundation, and the Colectivo Psicodélico de Puerto Rico is disclosed as a non-financial competing interest. In addition, Juliana Millán-Torres owns Within Psychological Services and Paulina D. Rullán Farinacci serves as Chief Medical Officer of Sattva Clinic; both are disclosed as financial competing interests. No other author received financial support from, or holds a financial interest in, any commercial entity with an interest in the subject matter of this article.

Acknowledgments

The authors would like to thank the participants who volunteered to complete the survey.

Ethics approval

This study was approved by the Institutional Review Board of the University of Puerto Rico, Medical Sciences Campus (OPPHIE 2509472552).

Generative AI use declaration

Generative AI (Claude, Anthropic) assisted with drafting and revision of this manuscript, and literature-search support; all analytic decisions, verification, and final content are the named authors' responsibility.
